

Accept credit cards wherever and whenever you do business

An exclusive member benefit of

You'll get a free EMV card reader for your mobile device with a one-year contract

Our card reader plugs right into the audio jack on your smart device and allows you to swipe or insert credit cards, capture a signature and email receipts with security and reliability. We offer each of our participants customized processing rates.

See back for features of the AprivaPay Plus app that you will use with your mobile card reader.
